INSTRUCTION BOOKLET

TELEGAMES®

PLEASE CAREFULLY READ THE SEPARATE HEALTH AND SAFETY PRECAUTIONS BOOKLET INCLUDED WITH THIS PRODUCT BEFORE USING YOUR NINTENDO® HARDWARE SYSTEM, GAME PAK OR ACCESSORY. THIS BOOKLET CONTAINS IMPORTANT HEALTH AND SAFETY INFORMATION.

IMPORTANT SAFETY INFORMATION: READ THE FOLLOWING WARNINGS BEFORE YOU OR YOUR CHILD PLAY VIDEO GAMES

WARNING - Seizures

- Some people (about 1 in 4000) may have seizures or blackouts triggered by light flashes or patterns, such as while watching TV or playing video games, even if they have never had a seizure before.
- Anyone who has had a seizure, loss of awareness, or other symptom linked to an epileptic condition should consult a doctor before playing a video game.
- Parents should watch when their children play video games. Stop playing and consult a doctor if you or your child have any of the following symptoms:

Convulsions
Altered vision

Eye or muscle twitching
Involuntary movements

Loss of awareness
Disorientation

To reduce the likelihood of a seizure when playing video games:

1. Sit or stand as far from the screen as possible.
2. Play video games on the smallest available television screen.
3. Do not play if you are tired or need sleep.
4. Play in a well-lit room.
5. Take a 10 to 15 minute break every hour.

WARNING - Repetitive Motion Injuries and Eyestrain

Playing video games can make your muscles, joints, skin or eyes hurt after a few hours. Follow these instructions to avoid problems such as tendinitis, carpal tunnel syndrome, skin irritation or eyestrain:

- Avoid excessive play. It is recommended that parents monitor their children for appropriate play.
- Take a 10 to 15 minute break every hour, even if you don't think you need it.
- If your hands, wrists or arms or eyes become tired or sore while playing, stop and rest them for several hours before playing again.
- If you continue to have sore hands, wrists or arms or eyes during or after play, stop playing and see a doctor.

WARNING - Battery Leakage

Leakage of battery acid can cause personal injury as well as damage to your Game Boy. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery acid away from your eyes and mouth. Leaking batteries may make popping sounds.

To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix alkaline and carbon zinc batteries.
- Do not mix different brands of batteries.
- Do not use nickel cadmium batteries.
- Do not leave used batteries in the Game Boy. When the batteries are losing their charge, the power light may become dim, the game sounds may become weak, or the display screen may be blank. When this happens, promptly replace all used batteries with new batteries.
- Do not leave batteries in the Game Boy or accessory for long periods of non-use.
- Do not leave the power switch on after the batteries have lost their charge. When you finish using the Game Boy, always slide the power switch OFF.
- Do not recharge the batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not dispose of batteries in a fire.

GAME COPY FEATURE

This exciting feature allows you to share your games with others by downloading them to their Game Boy® Advance systems for independent play without any need for a Game Pak. Won't you be popular!

OTHER COMMENTS AND TIPS

- There are numerous versions of all these card games played throughout the world. We have tried to present the most popular version of each game, as well as allow you to configure many of the game elements to your personal preference. There will be occurrences where the game may not play as you normally play. When in doubt, always refer to the RULES, SCORING, and HOW TO PLAY sections under the in-game OPTIONS menu.
- This game contains more opportunities for personalization and game adjustments than any other product currently available. Spend some time exploring all the menus and sub-menus so that you can maximize your playing experience.
- After you share your games with others using the GAME COPY feature, they will be able to unlink from you and play copied games by themselves on their own Game Boy® Advance system. The downloaded game will remain available to play until the power is turned off on their Game Boy® Advance system. To extend battery life during extended play periods, they can use the SLEEP function available under the in-game GAME menu. To awaken from SLEEP and resume playing, press L Button + R Button + SELECT at the same time.
- Pay close attention to all "question boxes" that appear in the game and make certain you answer each question properly to attain the desired result.
- Game playing statistics are only updated after predetermined time frames. If you have played a game but no statistics appear, you have not played for a long enough time.
